

## Marine Science 2-Year Transfer Pathway 2023-2024

This pathway assumes students have completed Calculus I, General Chemistry I & II, Physics I, Oceanography, Cell & Molecular Biology including Animal Physiology, and CSU GE & American Institutions.

Transfer students should meet with the MSCI advisor to verify correct posting of transfer credit and to create an individualized learning plan in "My Learning Plan" in Oasis. The pathway shown below is a sample for students who have completed a particular set of classes previously.
