Roommate Agreement - Residence Halls

SHRL Community Standards

Instructions: To support a positive and successful on-campus living experience, roommates should establish clear boundaries through open and intentional communication. This document serves as a living agreement that can be revisited and updated at any time to address concerns as they arise, with mutual consent from all roommates.

- **Step 1:** Complete the roommate agreement together as a unit.
- **Step 2:** Your Resident Advisor (RA) will schedule a meeting with you and your roommates to discuss and finalize the agreement.
- **Step 3:** Revisit the agreement throughout the year and whenever a new roommate joins to ensure expectations remain clear and accurate.
- **Step 4:** Contact your RA if you need additional support resolving roommate concerns.

For RAs: please use [this document as a policy support guide](#) throughout roommate agreement meetings and mediations.
