Applying to EOP

Cal State Apply 3rd Quadrant – Supporting Information

1. Educational Opportunity Program (EOP)

The Educational Opportunity Program (EOP) is designed to improve access and retention of historically low-income and educationally disadvantaged students. EOP students have the potential and demonstrated motivation to perform satisfactorily at a CSU, but they have not been able to realize their fullest potential because of their economic or educational background. The program provides admission and academic assistance to EOP-eligible undergraduate students. In many cases, the program offers financial assistance to eligible students. Campuses tailor their programs to accommodate the needs of their student population.

To determine if the CSU that you are interested in applying to is accepting EOP applications and the deadline, please review the EOP Admission site.

Applicants may complete and submit their Cal State Apply application and then later return to complete the EOP portion of the application. EOP Applications must be submitted in full (including recommendations) to:
- For applicants applying to a Fall Term: January 15th unless otherwise noted on the EOP Admission site.
- For applicants applying to a Spring Term: August 31st (the same as the application deadline).
- For applicants applying to a Winter Term: June 30th (the same as the application deadline).

Applying to EOP

- Responses can only help students
- Honest assessment about skills and capabilities
- Avoid very brief answers
- Check deadlines for each campus

I think you should ask another teacher.

Yes!

Sure...
EOP - If A Student Checks “No” on EOP Interest in CSU Application

- Students must contact CSU Apply
- Students ask to have their CSU application undelivered because they want to apply to EOP

*Make sure students have 2 evaluator contacts prepared
