Request Header Fields Defined: For detailed information on each of the fields, see the field descriptions in the table below.

Field Name	Description					
Request/Trip Name	Enter a meaningful trip name, similar to a name given to a travel expense report. Your department may implement a standard naming protocol. Suggested naming convention Destination City, State and dates of Travel (ex. Long Beach, CA 5/18- 5/21).					
Trip Type	Select from the drop-down list. In-State-Travel within CA, Out-of-State- Travel to other US State or Territories (ie. Puerto Rico), International-Travel to a Foreign Country					
Travel Start Date	Date business expenses start. If personal days precede business dates, please be sure to still set travel start date to the date you leave for the trip.					
Travel End Date	Date business expenses end. If personal days are after business dates, please be sure to still set travel end date to the date you return from trip.					
Traveler Type	Select from the drop-down list.					
Trip Purpose	 Select from the drop-down list. 1. Athletics – any athletics or team travel, except recruitments. 2. Campus Visits (Chancellor's Office Only) 3. Competition – non-athletic competition such as debate, dance, etc. 4. Conference – a formal meeting that typically takes place over multiple days and involves people with a shared interest, especially one held regularly by an association or organization. 5. Employee Recruitment/Interview – only intended for non-employee policy. Global audit rule exists to prevent usage on employee policy. 6. Field Research - the collection of data outside a laboratory, library, or workplace setting. 7. Field Trip – triggers group travel guidelines, typically includes travelling with students. 8. Meeting – in person gathering of two or more people outside of the local area to achieve a common goal/business purpose, such the members of a committee. Typically includes multiple expense types (example: air 					

Field Name	Description
	 9. Mileage/Parking Only – intended for mileage, parking, tolls for day trip (not overnight) such as travelling to local or a satellite location. May be reoccurring. 10. Other – selected when no other category applies. 11. Presentation – intended for speakers that travel to another location to participate or present a topic. 12. Professional Development – targeted training session, career training, continuing education, classes/workshops not part of a conference. 13. Recruiting – athletics, student, outreach or other. 14. Unintended Transaction – a non-travel related credit card expense which must be reconciled within Concur. Typically, the incorrect payment method was selected by mistake.
If Faculty, is class covered?	Only Required for Faculty. Select from the drop-down list.
Personal Date of Travel	Enter all dates which are personal. If none, place NA in field.
Destination City/State	If you anticipate travelling to more than one city and/or country, enter where you plan to spend the majority of your travel time.
Final Destination Country	The country will pre-populate based on the destination city selected.
Are you traveling to a banned state?	Select "No" from drop-down list unless travel was prior to the date the ban was repealed (9/14/23). This option will be removed beginning in FY24.
Are you traveling with students?	Select from the drop-down list.
Chartfield	Chartfield String will pre-populate based on your dept. If necessary, changes can be made by traveler or approver.

Cash Advance

In most cases a travel advance is no longer needed as many travelers should have a Concur Travel card. However,

cash advances will still be available in exceptional cases (specifically for team/competitive travel) and may be entered on the travel request. To be eligible to request a cash advance an approval from the Accounts Payable **{Travel Department}** department is needed. Your Concur settings must be updated to reflect this option by your campus Concur Admin.

- 1. To request a Cash Advance in Concur, you must email **{Travel Email Address}** to add the Cash Advance option in your Concur. The travel group will email to let you know when you have access (please give 24-48 for access).
- Once you receive an email response confirming access to create a cash advance, from the Concur Home page open the Travel Request.
 Note: If one has not been created, proceed to the Create a Travel Request section.
- 3. Navigate to Request Details drop-down menu and select "Add Cash Advance".
- 4. Enter the **"Cash Advance Amount"** and reason for advance. Select **"Save"**. This will add the cash amount to the request.

Note: If you do not have a Travel Card, and are eligible, fill out the appropriate campus request form and allow 2 weeks for delivery. Allow yourself enough time to obtain the card before your travel dates.

Request Timeline

This timeline will display the approval workflow and identify the steps which have been completed or are outstanding.

1. Navigate to Request Details drop-down menu and select "Request Timeline".

Once a request is submitted, the request will route in the following order: **{Adjust Based on Campus workflow}**

- 1. The employee's supervisor.
- 2. The report will route to the cost object approver(s) or those names identified in the Delegation of Authority (DOA) as approvers. DOA approvers are based on the chartfield entered on the Request Header tab as well as any additional chartfield allocated at the individual line item level on the Expenses tab.
- 3. If international travel or other additional review is specified for the request, those approvers will review. This includes campus approvers or Chancellor's Office Risk Management for war risk countries.

Audit Trail

The audit trail will display the timestamps of certain actions taken on the travel request.

- 4. Navigate to Request Details drop-down menu and select "Audit Trail".
- 5. The date/time of the approvals and the approver names will display.

Attachments

The Attachments > Attach Documents menu option launches window to browse then **"Upload and Attach"** files that support the trip request (use the button to search). Documents may include a conference registration showing location/dates of trip, or an itinerary for international travel, or any other support document that is helpful to have on hand for approvers.

1. Valid file types are specified in the window and are pdfs or image files (.png, .jpg or .jpeg, .pdf, etc). Note that there is a 5MB limit.

- 2. Select "Close" once files have been uploaded.
- 3. Once documents have been uploaded, the Attachments menu displays a small red image to identify that the request has document attachments. The menu changes to have three options View Documents, Attach Documents and Delete Documents which can be used to update or remove previously uploaded attachments. *Note: Documents cannot be removed once the Request is submitted or Appoved, however, documents can be added at any time.

Alert Types

Alerts are messages triggered by certain elements of your trip. There are different types of alerts.

1. HARD STOP: If an alert displays in red, it is required. This means an action must be taken before a request or expense report can be submitted. Example of hard stop on expense report:

Expense - Mobile/Cellular Phone (International Only) - 05/01/2024 - \$8.00

😢 Action: Mobile/Cellular Phone expenses are only allowed for International Travel. Please remove from the expense report. View

2. WARNING: A yellow/orange alert displays communication related to your trip components advising you to read and take action.

A yellow alert panel is a warning or information only. For example, an alert can communicate the need to add comments and explain the trip, or to attach files, etc. The alert count will change as requirements are met. Note: Most yellow warnings will not clear, however, they will not prevent you from submitting the Request.

Travel Request Types

International Travel

- 1. Travel to international destinations generally follow the same process for creating a travel request as a domestic trip, with a few deviations.
- 2. In the Request Header section, Trip Type should be designated as "3-International".

Trip Type *	
1-In-State	~
None Selected	
1-In-State	
2-Out-of-State	
3-International	

- 3. Request must have an attachment with an itinerary that communicates dates and points of destination. The Risk Management office will utilize this data to facilitate working with a traveler for necessary foreign travel insurance requirements and other necessary components for a trip.
- 4. All expenses should be noted in USD. In the Expense Report stage currency conversions are more relevant with actual expenses. The <u>OANDA Currency Converter</u> may be used in either instance.

Mileage Blanket

- 1. Blanket Travel Request for Mileage
- 2. Blanket mileage requests can be used for recurring activity for a given fiscal year. These mileage requests are intended to facilitate ongoing mileage reimbursement claims for employees performing supervisory responsibilities for campus student placements. An example of this would be driving throughout the state to observe and meet with student teachers/interns and mentor teachers.
- 3. Enter general information about the activity and note the time frame from August through May (academic year) or July through June (fiscal year). Note the Trip Purpose as **"Mileage Only"** and in the destination field select **"Multiple Locations (Mileage Only), CA"**.
- 4. Add relevant comments and select "Create Request".

Liability Only/Unfunded Travel Request

Travel with no funding from the campus, e.g. travel that is fully funded by outside sources or by the traveler needs to be evaluated for connection to University business. If directly connected to university business that supports campus mission, a travel authorization should be completed to communicate time away from campus. This will assist with campus duty of care objectives.

Note: Accepting travel gifts from a 3rd party may result in a conflict of interest (COI). <u>Please refer to further</u> <u>information about COI.</u>

 Follow steps to <u>"Create a Travel Request"</u>. Once trip details have been added to the travel request header, in the Expected Expenses section select "Add", then select "Liability/Unfunded" from the expense list.

3. Once trip is approved and you are notified via email it is best to go back into Concur and follow the steps below for marking the request as <u>Closed/Inactivate Request</u>. The request will close on day 61 post trip. Closed/Inactivate Request will prevent the traveler from receiving expense report notifications in relation to this request. Marking closed will reflect there are no expected expenses and will eliminate those expense report reminders.

Adding a Delegate

There may be a time when you want another person to assist with requesting or processing travel. To delegate access to another person, complete the following steps:

1. Open your profile.

- 2. Using the left menu, then select the "Delegates" tab.
 - a. Navigate to **Request Delegates** or **Expense Delegates** to assign another employee rights to request travel or to process an expense report on your behalf. Note that delegating expense also delegates request.

Note: Not all options may be available to all users. Delegate options are based on the individual user profiles access within Concur. For example, if an approver wants to delegate responsibility to another person, they must be designated in the Concur system as an approver.

If there is a need to revisit and alter a request, because dates, locations, or significant cost changes are necessary there are a few options.

You cannot change or cancel a Request that has been submitted unless you Recall it first. You can only recall a request that is not in "Approved" status. If the request has been fully Approved, you will need to take different steps as noted below in Replacing a Request.

Recall a Request

1. Select the Request Name that has been submitted from the Manage Requests page.

2. Select "Recall Report". The "Recall Report" option is only available once the report is submitted.

3. Select "Yes" to confirm the Recall. The status of the request is updated to Sent Back to User.

4. Make any necessary changes, then select "Submit Request".

Replacing a Request

This step is only needed in the case where a request has been fully approved and details have changed in such a way that the prior approved request is no longer valid.

- 1. On the Request Page, select to open the request you would like to copy.
- 2. Select "Copy Request".

3. Enter a different "New Request Name" (so you can differentiate between old and new), enter the "Starting Date", then select "Expenses" checkbox. This helps cut down on duplicative data entry if there are alike expenses between old and new. Select the "Create New Request" button to complete the process.

4. Make any necessary updates to the new request and "Submit Request" to submit for approval.

Cancel a Request

If a trip is canceled or elements have changed so significantly that you need to replace a request as noted in the prior section, please cancel the request by going back to the Requests tab and open the request.

1. On the Request Page, select the "More Actions" drop-down and select "Cancel Request".

- 2. For travel reservations, refer to the Trip Library and make sure to cancel or change them based on the changed elements. They will be noted as cancelled/withdrawn after completion of this step. This will ensure the campus/employee does not incur unnecessary expenses for not canceling on time.

Closing/Inactivating a Request

The system will automatically close open travel requests 61 days after a trip is complete. Reminder, Expense Reports need to be submitted within 60 days from travel end date. If all relative expenses have been submitted a user can manually close/inactivate the request. This is not a required step.

1. Select the Request tab, selecting the specific request and select the **"Close Request"**. This option is context sensitive. It will not be visible if it is not an option.

 The difference between this status and cancelation is that cancelation signals a true recall of an anticipated trip. Closing/inactivating means the trip is complete. If by chance an expense needs to be submitted after a request is closed, please reach out to the Accounts Payable/Travel {Department Name} team for assistance. The approver will see requests awaiting approval under Authorization Requests on the Concur

home page. Trip elements cannot be booked until approval occurs.

- 1. Select the Request you wish to approve by selecting the **Request Name**.
- 2. Review the Request Header and the Expense Summary tabs. Things to consider:
 - a. Review destination and see if high hazard destinations are noted.
 - b. Take note of any personal days and consider that estimated costs are prorated accordingly (i.e. daily meal allowances, incidentals, etc.).
 - c. Review attachments to obtain further information about purpose of trip.
 - d. Review all expenses for reasonableness and completeness.
- 3. There are three approval options:
 - a. Approve approve the Request
 - b. **Approve & Forward** Approve and Forward the Request for additional approval. In the User-Added Approver box, type in the last name of the approver and select from the dropdown box. You can only select users who are already designated as approvers in the system.
 - c. **Send Back Request** Return the Request to the traveler. Use the Comment field in the Send Back Report window to explain the reason the report is being returned, then select OK.

Once Travel Requests have been acted on by the approver, notification regarding the status will be sent to the traveler (and delegate if opted into notifications) and the status will be noted on the traveler's **Manage Requests** page.

Creating an Expense Report

All CSU related travel for faculty and staff must have an approved Travel Request before an expense report can be created.

Per CSU Travel Procedures, Section IX; A "Travel Expense Claim must be submitted to the campus Travel Reimbursement office within 60 days of the end of a trip unless there is recurrent local travel, in which case claims may be aggregated and submitted monthly."

Please be aware Approved Travel Requests will automatically close on day 61 after the travel end date. In order to submit a late expense report, the request will have to be re-opened. The request will not be re-opened until exception approval has been obtained from Division VP and CFO.

Expense Report from Approved Travel Request

- 1. From the Home Menu, select "Requests".
- 2. Select the approved tile for the trip to be sourced to an expense report.
- 3. Once open, select "Create Expense Report".

To Create a Car Mileage Expense

You must register a car for the applicable mileage type in order to be reimbursed for mileage. See **Personal Car** section for instructions on setting up your vehicles.

1. From within the Expense Report, select "Add Expense".

- 2. Select the **"Personal Car Mileage"** Expense Type. The mileage form will open with the required and optional fields displayed.
 - a. If you are prompted to add a new vehicle, add the vehicle description and "**Personal Car**" as the mileage rate type. If not prompted and there is a need to add a new vehicle or modify an existing vehicle, the same location may be accessed by selecting the "**Profile**" icon in the upper right corner of the window, "**Profile Settings**", then select "**Personal Car**".

3. Select the "Mileage Calculator" button.

- 4. Type in the locations and select "Calculate Route".
- 5. Update the route as appropriate. If round trip mileage should be calculated, select the link "Make Round Trip".
- 6. Only use the Personal checkboxes to the right of each waypoint if you want to omit that portion of mileage from your report.

- 7. Select **"Add Mileage to Expense"**. The amount will calculate as the form closes and all the fields will be populated on the form. The mileage reimbursement amount automatically updates based on the travel date and rate effective date.
- 8. Complete all required and optional fields as appropriate.
- 9. Select "Save Expense".

Expensing a Cash Advance

If you had a cash advance issued, you will need to expense the cash advance with your expense report for the associated trip the advance was used for. Cash advances are reserved for competitive team travel or other extenuating circumstances.

To Expense a Cash Advance (with amount fully utilized):

At the top of the report, you will see the outstanding advance. This should be the amount you received for the cash advance. If the Cash Advance box is not displayed, you can add the advance.

1. From within the Expense Report, select "Report Details". Select "Manage Cash Advances".

4. Continue to enter your expenses as normal. When you enter an out-of-pocket expense, the outstanding cash advance balance will reduce.

When the Outstanding Advance balance is zero, then the cash advance has been fully utilized. If you have additional out-of-pocket expenses, you will receive the balance you paid out-of-pocket minus the cash advance amount.

To Expense a Cash Advance (Excess Funds to be returned to the University): If there are funds not fully utilized from the advance after accounting for all expenses, you will see the amount remaining at the top of the screen. The remaining amount must be paid back to the University and the returned amount must be accounted for within the expense report.

1. Enter an expense line for the funds returned as **"Cash Advance Return."** Attach the receipt you received from paying back the advance. This will clear the remaining balance to \$0.00. You will now be able to submit the expense report.

Itemizing Expenses

Use the Itemize feature to account for transactions that should be charged to multiple expense types (accounts codes). Itemization should be completed prior to Allocation (charging to multiple chartfields).

Electronic Receipts (E-Receipt)

An electronic version of a paper receipt for expenses incurred by Concur users. Opting into e-receipts can alleviate the amount of data you need to type into the system. Some hotels offer receipts which are imported into Concur and facilitate the data entry for you.

- 1. If a user wants to use e-receipts for car and hotel, they must activate the feature and opt themselves in.
- 2. Navigate to "Profile" (in the upper right corner of the window), then "Profile Settings".

3. Once in the Profile Options window, navigate to the profile settings in the left menu area to a section called "Other Settings" and select "E-Receipt Activation".

Send Receipt Images to Travelers Available Receipts Library

The Delegate cannot set up an email account when they are delegating, nor can they use the verified email account they have set up for their own expense reports to populate another user's Available Receipts Gallery. However, the delegate can upload receipt images to Concur for attachment to the line item of the Traveler report they are acting on. The following steps should be completed during profile setup:

- 1. The Traveler must verify his/her own email address in his/her profile under Your Information, Email Addresses.
- 2. The Delegate must verify his/her own email address is in his/her profile under Your Information, Email Addresses.

- 3. The delegate must have the correct delegation permission (can prepare, can view receipts, etc.). To update delegate permissions, go to **Profile > Profile Settings.**
- 4. Navigate to Expense Delegates > Add a Delegate > select Can Prepare and Can View Receipts.
- 5. Then, the Delegate can email receipts to <u>receipts@concur.com</u> with the correct image extensions and size (must be a .png, .jpg., .jpeg, .pdf, .html, .tif or .tiff file; 5 MB limit per file).
- 6. The Delegate must put the Traveler email address in the subject line.
- 7. The receipt will show in the Traveler Available Receipts gallery within three minutes.

d. Review all expenses for reasonableness and completeness.

Approving an Expense Report

After review, if you are satisfied with the Expense Report, select "Approve" in the top right corner of the screen.

The expense report is typically reviewed by the persons manager and the cost object approver (delegated authority for the chartfield), however, it is a shared responsibility to ensure we are following guidelines.

Sending Back an Expense Report

During your review, you may choose to return the entire expense report to the employee for correction.

To return a report:

1. Select "Send Back to User" located on the top right corner.

2. The Send Back Report window appears.

- 3. Enter a Comment for the employee explaining why you are returning the report.
- 4. Select "OK".
- 5. The user will receive an auto notification via email that their report has been sent back with the comment. In addition, a note will appear at the top of the report.

Adding an Additional Reviewer/Approver Step (for HR approvers only)

You will have the ability to send the report to another approver. To approve and forward a report (as a Reports to Approver):

1. Select the "Approve & Forward" button in the top right of the screen.

- 2. Enter the User-Added Approver, and add a comment, as needed.
- 3. Select "Approve & Forward" to approve the Expense Report and send to the next approver.

- 3. Enter the User-Added Approver. Do not add an additional approver after the Approval for Processing Step. The Processing step should be the last step in the workflow.
- 4. Select "Approve".

Expense Delegates

Adding an Expense Delegate

There may be a time when you want another person to assist with submitting a travel request or expense report claim. Please be aware that Request and Expense share delegates. By assigning permissions to a delegate, you are assigning permissions to both Request and Expense. To delegate access to another person, complete the following steps:

1. Open your profile by navigating to **Profile > Profile Settings**.

2. Using the far left menu, within **Expense Settings** select the **"Expense Delegates**" option OR select **"Expense Delegates**" from the main section.

3. Navigate to the **Delegates** tab to assign another employee rights to request travel or to process an expense report on your behalf.

- 4. Select "Add" for each supplemental employee who needs access.
- 5. After selecting "Add", then begin to type the person's email address, employee ID or name.
- 6. Select the correct name from the list results.
- 7. After selecting the name, enter checkmarks in the boxes to the right of the name to grant appropriate access.
- 8. Use caution when delegating approval rights.
- 9. Only if you have Approver permission, will you have the approve permission boxes.
- 10. To place a limit on the approval timeframe, use the **"Can Approve Temporary"** date fields. Note: Not all options may be available to all users. Delegate options are based on the individual user profiles access within Concur.

11. Continue adding names as needed.

Removing Delegation Rights

1. Open your profile by navigating to **Profile > Profile Settings**.

2. Using the far left menu, within **Expense Settings** select the **"Expense Delegates**" option OR select **"Expense Delegates**" from the main section.

3. Select any names for which you want to remove access. Select "Delete".

- 4. The **"Delegate For"** tab will display the individuals which have granted you Delegate access to their profile.
- 5. On that tab, select any names for which you want to remove access. Select "Delete".
- 6. The Delegate can also delete themselves from being your delegate.

Acting as a Delegate

If you have been assigned to work as a delegate, your delegator will define which tasks you can complete, such as preparing reports or approving, etc.

To work as a delegate:

- 7. Select the "Profile" in the upper right.
- 8. On the Profile window, select "Act as Another user".

9. Select the appropriate delegator's name from the drop down or type the name in the following format: Last Name, First Name

- 10. Select **"Switch"** to begin working as the other person.
- 11. Notice that the **Profile** menu now displays **Acting as** and displays the name of the employee who delegated their access.

- 12. You are now officially working on behalf of that person. Complete the normal processes for creating the request as noted in the section labeled Creating a Travel Request.
- 13. Once the request is built, the Delegate can use the "**Notify Employee**" button to let the traveler know the Request is ready to submit. *The Traveler must certify and submit their own travel.*

14. To return to your own tasks, select "Acting as", then select "Myself" and "Switch".

Delegate Roles

Option	Description
*Can Prepare	If selected, the delegate can create expense reports and requests on your behalf.
*Can View Receipts	If selected, the delegate can view receipt images on your behalf.
*Receives Emails	If selected, the delegate receives a copy of each Expense related email that you receive, except for approval emails.
Can Preview for Approver	If selected, the delegate can preview requests and expense reports on behalf of another employee. This delegate cannot approve the request/expense report.
Receives Approval Emails	If selected, the delegate receives a copy of each Expense approval-related email that you receive.
(*) Can Approve	If selected, the delegate can approve expense reports, and requests on your behalf, without date constraints.
(*) Can Approve Temporary	If selected, the delegate can approve expense reports and requests on your behalf but only for the specified period. If you select this option, you must also select the beginning and ending date.

(*) The option to delegate approver rights will <u>only be available for Approvers in the system</u>. The approver's rights can also only be delegated to another user who also has approval rights in the system. This function can be used for times when an approver is unavailable and approval tasks will be covered by another person in their absence (i.e. Dean unavailable and approvals would be routed to Provost).

Your Expense Report Approver or processor will send a report back to you if an error is found. You will receive an automated email from Concur with a report status change of: Sent Back to User with a comment. The Approver or Processor will include a comment explaining why the report was returned to you. To identify and correct expense reports requiring resubmission:

1. On the home page, in the Quick Task Bar, select the **Open Reports** tile. In the **Manage Expenses** section of the page, the report appears with **Returned** header on the report tile. The approver's comment appears below the amount.

Converting Foreign Currency Transactions

- 1. With the Expense Report open, select **Add Expense**, and then enter the appropriate information in the required and optional fields (required fields are indicated with a red asterisk).
- 2. For the **Amount** field enter the amount spent in foreign currency. The correct currency should populate based on the City of Purchase information you entered. If needed, you can change the currency from the list to the right of the **Amount** field.
- 3. Expense calculates the amount in USD.
- 4. *If expense amount is already in USD*, enter amount in **Amount in USD** field and it will calculate the foreign amount for you.
- 5. Complete the remaining fields as appropriate and make sure the **Travel Allowance** box is checked before saving the expense. This is what will be used to check the amount against the GSA travel allowance rates for that specific destination. If this box is not checked the report will not be able to be submitted until that occurs.

IFTs are CSU transactions between (1) a campus and the CO or (2) between two or more campuses. The CO facilitates the movement of monies between campus funding sources by way of an IFT (journal entry). The CO generally requires copies of the expense report and related receipts, depending on the allocation involved. The awarding department at the CO/campus will generally give recipients/participants instruction on what will be reimbursed and the department will have to decide if they will cover any variance that may occur between reimbursement allowed by CSU procedures and allocation received by the CO/campus.

In consultation with the CO Accounting team, a copy of the expense report from Concur and the supporting receipts can be utilized for IFT support in lieu of copies provided under paper environment. *Sometimes the CO asks for receipts that are not required by the policy* – it will be important for travelers/departments to retain those additional copies IF an IFT is in play or until these additional requirements are no longer exercised.
