Upload Video to YouTube and Share with iLearn

After you've created your video using iMovie (or other) for ASL

1. Log into my.csumb.edu
2. Launch mail
3. Click on the Apps pane (small 'grid' of 3x3 squares), click 'More', and select YouTube
4. In YouTube, select 'Upload' from the top row of the window.
   a. If this is the first time you've uploaded to YouTube, ensure your name and birthday are accurate. FCC requires you to be older than 13!
5. Set sharing to 'Unlisted'. Do NOT select 'Private'.
6. Drag and drop the video from the desktop into the Upload window, or click the red Upload icon and navigate to the file you want to upload.
7. The video should start to upload. Once it has uploaded, copy the video URL (blue link to left of window)
8. Log into iLearn and find your course and assignment.
9. Click 'Add submission' to paste the link to your video.
10. Select the link text, and make it an active link.
11. Save and submit.
12. Check your work.
