Medical Emergency Services

Medical Referrals

GTP's 24/7 Operations Center is staffed by trained, multilingual assistance personnel who can make immediate recommendations for any emergency situation.

Medical Monitoring

GTP maintains regular communication with patients, their families and attending medical staff, closely monitoring the quality and course of treatment.

Emergency Medical Evacuation

If a member becomes ill or injured in an area of the globe where an adequate medical facility is not available near the member, GTP will arrange to transport the member under medical supervision if required, to the nearest medical facility capable of providing the required care.

Foreign Hospital Admission Assistance

GTP fosters prompt hospital admission by validating the member's health insurance or advancing funds as needed to the hospital. Advances must be paid within forty-five (45) days.

Medical Repatriation

When deemed medically necessary, GTP provides commercial transportation home or to a rehabilitation facility proximate to the member's residence with a medical or non-medical escort, as required.

Prescription Assistance

When a prescription is lost or left behind, GTP works with the prescribing physician and a local pharmacy to replace the member's medicine. Prescription cost is member responsibility.

Travel Assistance Services

Transportation to Join Patient

If the member is traveling alone and is expected to be hospitalized for more than three (3) days, GTP will arrange and pay for a selected family member or a friend to join the patient.

Care of Minor Children

GTP is there to help if you become sick or injured while traveling with your minor children. We'll arrange for a one-way economy common carrier transportation back to your place of residence.

Return of Mortal Remains

In the event of a member passing away, GTP will arrange and pay for the required documents, preparation, and transport of the remains to a funeral home near the member's place of residence.

Lost Luggage Assistance

Lost luggage is a nuisance and can cause you to rearrange itineraries and restrict your travel plans. GTP works with airlines to recover and deliver lost bags.

Pre-Trip Information

To help you travel smart, we offer comprehensive trip information on our website and Mobile App. You'll be able to review country profiles, visa requirements, immunization regulations, security advisories and more right here.

Conditions and Exclusions:

GTP will not provide services in the following instances:

- Travel undertaken specifically for securing medical treatment
- Injuries resulting from participation in acts of war or insurrection
- Injuries resulting from attempted suicide
- Injuries resulting from the use of drugs unless prescribed by a doctor
- Commission of unlawful act(s)
- Transfer of a student from one medical facility to another medical facility of similar capabilities and providing a similar level of care

GTP will not evacuate or repatriate a student:

- Without medical authorization

- With mild lesions, simple injuries such as sprains, simple fractures, or mild sickness which can be treated by local doctors and do not prevent the student from continuing his/her trip or returning home
- With a pregnancy beyond the end of the 28th week
- With mental or nervous disorders, unless hospitalized

While assistance services are available worldwide, transportation response time is directly related to the location/jurisdiction where an event occurs. GTP is not responsible for failing to provide services or for delays in the delivery of services caused by strikes or conditions beyond its control, including by way of example and not by limitation, weather conditions, availability of airports, flight conditions, availability of hyperbaric chambers, communications systems, or where rendering of service is limited or prohibited by local law or edict. All consulting physicians and attorneys are independent contractors and not under the control or responsibility of GTP.
