Maintaining Your F-1 Status: Full-time Enrollment Requirements

Immigration regulations require international students in F-1 status to be enrolled full-time each semester. Full-time enrollment is defined as:

- Undergraduate students: 12 units
- Graduate students: 8 units

Immigration regulations limit the number of online courses a student can count towards the 12-unit full-time requirement. International students can count only one course or three units of online coursework towards the full time requirement.

It is your responsibility to ensure that you maintain valid F-1 status. Failure to maintain valid F-1 status can result in the termination of your SEVIS record and jeopardize your ability to stay or re-enter the United States in the future.

I certify the information provided is accurate and that I have read and understand the F-1 full-time enrollment requirements as stated.
