The Health and Wellness Community is an ethey do not smoke or use or possess alcohol		•
free of alcohol, tobacco and/or other drugs re	•	

they do not smoke or use or possess alcohol and/or drugs. Students can be confident that this community will be free of alcohol, tobacco and/or other drugs regardless of individual choices made by fellow students. A Health and Wellness living environment is one where residents have agreed to keep their environment free of all types of smoke and/or tobacco products, alcohol, and/or illegal drugs at all times. This is a supportive community for students who, for clinical, medical, or personal reasons choose not to smoke, use tobacco products, consume alcoholic beverages, or use other illegal drugs. Students who are smokers should not live in a Health and Wellness Community. All existing federal, state, and university regulations concerning alcohol, smoking, and other drug use are applicable in addition to the following standards:

Community Standards for a Health and Wellness Community:

- A. The possession, use, and/or consumption of smoke/tobacco products, beverages containing alcohol, or illegal drugs will not be permitted in the Health and Wellness Community or in and/or around any campus residential facility at any time.
- B. Entering the Health and Wellness Community under the influence, or after the use of the above stated substances is prohibited, and in violation of this agreement. Entering the halls smelling strongly of smoke or alcohol, or otherwise creating a substance-related disturbance that negatively impacts individuals in the community may be a violation of this agreement.
- C. Residents within the Health and Wellness Community are responsible for the behavior of their guests, and assume accountability for actions of their guests.

Consequences:

- A. Any resident who violates the Health and Wellness Community Housing Agreement once will be required to relocate to another hall, pending availability. Additional conduct action/sanctions may also be imposed.
- B. Residents who live within a Health and Wellness Community who are found to be in violation of the alcohol or illegal drug Community Standards, as they are listed in the *Student Handbook* (available online at http://housing.csumb.edu), within and/or around any campus residential facility outside of the Health and Wellness housing program, may be required to relocate to another housing community.

and weimess housing program, may be	required to resocate to another nousing community.
I agree to comply with the Health and Wellness room assignments, or further disciplinary action	policies. I understand that a violation could result in a change of a.
