

2025-2026 Community Standards

In alignment with California State University, Monterey Bay's (CSUMB) campus mission statement, "To prepare students to contribute responsibly to California and the global community by providing transformative learning experiences in an inclusive environment", Student Housing and Residential Life (SHRL) acknowledges that civility, understanding, and mutual respect are responsibilities of all members of the university community and its visitors. As a student at CSUMB, you are not only a member of the larger university community but also a member of the community within your residence hall, suite, apartment, or court. By signing a license agreement to live within student housing you have acknowledged you are aware of, and will comply with, all policies outlined.

It is the responsibility of each member of our community and all residential students are responsible for knowing and following the CSUMB Student Conduct Code; Student Housing and Residential Life Community Standards; agreements set forth in the Housing License agreement; relevant and applicable federal, state and local laws; university administrative codes; and revised statutes. Residents are accountable for all activities that occur within their assigned space and common living areas. At all times, residents are responsible for their own behavior as well as the actions of their guests. Residents and guests are expected to cooperate with all reasonable university staff requests.

It is an expectation of all CSUMB students to report violations of policies found within this document and that failure to do so may result in individuals being referred to the community standards process. Individuals may be held responsible through the student conduct process if an act is determined chargeable by local/state/federal authorities. Alleged violations of any of the aforementioned will be addressed by SHRL staff, and may be also referred to/from the Office of Student Conduct, the campus University Police Department or Office of Title IX/Discrimination, Harassment, Retaliation.

SHRL staff members take an educational approach to the conduct process with students, emphasizing the importance of following Community Standards, CSUMB policies, and federal, state, and local laws to ensure a safe environment for everyone so all students can focus on academic success. The educational process includes explaining expectations of a student, the reasons why Community Standards and policies exist and supporting individual rights, as well

as the rights and interests of all community members. Additionally, the staff provides possible outcomes that may be imposed, including, but not limited to, restitution costs, should a student choose to violate a policy. Furthermore, individuals and/or residential communities may be held financially responsible for repairing damages, painting costs, and general maintenance related to policy violations.

SHRL communities consist of East Campus Frederick Parks, Main Campus residence halls (Cypress, Asilomar, Willet, Manzanita, Yarrow, Avocet, Tortuga, Sanderling), North Quad (Pinnacles, Vineyard, Strawberry) and Promontory. SHRL, as referenced in this document, refers to all SHRL property including, but not limited to, residential halls, programming spaces, and the exteriors of any SHRL community.

SHRL team members will communicate with students via their CSUMB email. Based on the university [Student Email Notification Policy](#) it is every student's responsibility to check university-issued email accounts on a consistent and frequent basis. Failure to check this university-issued email account does not negate a student's responsibility for information.

Note- visible photographs and videos of students participating in policy violations within university housing facilities may be used as evidence of a Community Standard violation.

If you need any accommodations through this process please reach out to your Residential Life Coordinator ([link to directory page](#)) with questions.

SHRL reserves the right to update this policy guide at any time.

1 Alcohol

This policy applies to all individuals living within and/or visiting SHRL communities and surrounding areas. Note- Those who are 21 years of age have the legal right to purchase, possess, and consume alcohol, yet they may not provide or consume in the presence of minors.
