What About Probationary Employees?

There are separate requirements for probationary evaluations:

- CSUEU: at the end of 3, 6, 11 months
- APC, Teamsters, SUPA: once during their first 12 months (typically at 6 months)

Final probationary evaluations are completed no less than 30 days prior to the end of probation.

If you have an issue with a probationary employee, let's talk.

The Narrative

If the narrative can't fit on the form, attach a separate document.

The narrative should support the ratings.

The narrative is not a place to put new information. The evaluation should not be the first time the employee is hearing about the issue. It should only reflect corrections you have previously provided.

Avoid referencing protected leaves and categories

If you have a special case, contact me.

Process - CSUEU
