## How the PERS Platinum PPO plan can help you

Your benefits should fit your needs. This booklet is designed to help you by providing an overview of what the PERS Platinum plan has to offer. To see more plan details, go to [anthem.com/ca/calpers](https://www.anthem.com/ca/calpers) and download an *Evidence of Coverage (EOC)* booklet.

The PERS Platinum preferred provider organization (PPO) plan empowers you with the freedom to choose high-quality doctors without a referral.

### The PERS Platinum plan offers you:

**Cost-effective health coverage.** The plan includes low copays and deductibles, and in certain cases, you pay nothing out of pocket for care. See the next page for a list of premiums by area and county.

**100% coverage for preventive care.** You do not pay coinsurance or a deductible when you see a doctor in the PERS Platinum plan network (Prudent Buyer Plan Providers).<sup>1</sup>

**Access to the doctors and hospitals you want to use.** You have the freedom to choose local providers you may already know. If you travel out of state or overseas, you have access to special programs when you need care. See *Your coverage travels with you* on page 7 for more information.

**Enhanced benefits.** You can have up to 20 combined visits each year with an acupuncturist or chiropractor in the plan's network.

**No claim forms.** Forms aren't needed when you see a doctor or other healthcare professional in the plan's network. You only pay a copay or coinsurance if it is required.

## Extra help to stay your healthiest

Anthem offers tools and programs to help you find the care and support you need:

With the Sydney Health<sup>SM</sup> app, you can make informed decisions about your care. All of your benefit information is organized in one place, which means you can spend less time looking for information and more time focused on your health and your priorities.

The app is designed to help you quickly find what you need, with access to Member Services, LiveHealth Online video doctor visits, wellness resources, and an interactive chat feature.

Make the most of your benefits and stay connected to your health plan anytime, anywhere, by downloading the Sydney Health app on the App Store<sup>®</sup> or Google Play<sup>™</sup>.

Speak with a registered nurse anytime of the day or night if you have a question about a health issue.

If you have the flu, a sinus infection, a cold, a fever, or other common health issue, you can have a video visit 24/7 with a board-certified doctor using LiveHealth Online.<sup>5</sup> A doctor can send a prescription to your pharmacy.<sup>6</sup> All you need is a smartphone, tablet, or computer with a camera. Visits cost **\$20 each**.

**LiveHealth Online is available for mental health issues, too.** If you feel anxious or stressed, make an appointment with a psychologist or licensed therapist and have a video visit in four days or less.<sup>7</sup> Appointments are available seven days a week and cost **\$20 for each visit**.

Find support if you have a condition such as asthma, chronic obstructive pulmonary disease (COPD), coronary artery disease, diabetes, or heart failure. A nurse coach helps you make a plan to stay on the right track with your health.

If you are pregnant or planning to have a baby, the Future Moms program with Digital Maternity Support provides 24/7 support by phone for your pregnancy-related questions. There is no deductible or coinsurance for delivering your baby when you sign up; plus, you will receive support before and after you have your baby.

As soon as you see a doctor for your pregnancy, you will receive an invitation to join Future Moms by email, text, or phone call.

Through the program's app, powered by **My Advocate Helps**, you can:

- Use the pregnancy calendar.
- Live chat with registered nurses.
- Personalize to-do lists.
- Receive timely resources.

A nurse case manager will reach out if you have health risks and will help you create a plan to meet your health and pregnancy goals.

After your baby arrives, you can have no-cost video visits with a certified lactation consultant, counselor, or registered dietitian using Future Moms with Breastfeeding Support on LiveHealth Online. These professionals provide personalized support to help you with breastfeeding.

## Your coverage travels with you

As a PERS Platinum member, **you have benefit access outside California when traveling**, through the **BlueCard program**. You will save money and avoid having to fill out claim forms when you see a doctor or use a hospital through the BlueCard program.

**If you travel overseas**, the **Blue Cross Global Core program** will give you access to doctors and hospitals in 190 countries and territories around the world for urgent or emergency care.<sup>8</sup>

If you need assistance or have questions about the BlueCard program or Blue Cross Global Core program, call the Blue Cross Blue Shield Global Core Service Center toll free at 800-810-BLUE (2583) 24/7.

## Save with the Value-based Purchasing Design Site of Care program

If you need a procedure, such as arthroscopy or a colonoscopy, you can save money by going to an ambulatory surgical center (ASC) instead of a hospital. By using an ASC that is part of this program, you will have little to no out-of-pocket costs, other than the plan's deductible and your coinsurance.

Other procedures that are part of the program include gall bladder removal, sigmoidoscopy (a test that examines your large intestine, similar to a colonoscopy), hernia repair, and nasal or sinus corrective surgery. To learn more or make sure a center is part of the program, call Customer Service at **877-PERSPPPO (877-737-7776)**.
